

PORTABLE FUEL CONTAINERS, HAND PUMPS AND ACCESSORIES

- Sales agent for Scepter -

Scepter leads the industry, with one of the most comprehensive lines of fuel containers and accessories.

FUEL CONTAINERS

PETROL MODELS

Scepter fuel containers are made from a high-density polyethylene plastic that is rustproof, nearly unbreakable and non-corrosive. Their light weight, crush-proof design has extra head-space built in to accommodate vapor expansion. A reversible spout makes pouring safe and easy.
