SCEPTER®

Portable Marine Fuel Tanks and Accessories

Smart. Trusted. Best-in-Class.

Sold around the world and trusted by leading OEM's like Honda, Mercury, Suzuki, Yamaha and Tohatsu, Scepter is the global leader in the design and manufacture of innovative and high-quality marine tanks and accessories. Made from UV stabilized HDPE for maximum durability, Scepter tanks are built to last and certified to numerous international standards including CSA, SAI Global, JCI, ICMI, and ABYC.

PORTABLE TANK FUEL TANKS

OEM CHOICE

All Scepter portable fuel tanks accept standard 1/4 NPT marine tank fittings.

COMPARING US AND INTERNATIONAL TANKS

Our US line of portable and topside marine tanks incorporate barrier technologies allowing them to meet and surpass United States ABYC, EPA, and CARB requirements. US market tanks include a an EPA / CARB approved cap designed to withhold 5 PSI of internal pressure even with the vent cap open. Canadian and International tanks come fitted with Scepter's industry standard manually vented marine cap, and meet applicable CSA standards.

DURAMAX FUEL CADDY

14 GALLON / 53 L

16.3"W x 12.6"D x 33.5"H
06792

Designed for recreational, commercial and industrial applications, the Scepter Duramax provides a safe and convenient way to refill gas-powered boat engines, jet skis, snowmobiles, generators, tools and more!

Made from high-density polyethylene the Duramax is corrosion and dent resistant. Sturdy 6 inch wheels and extra-deep handle make it easy to deliver fuel dockside when refueling boats or other gas-powered watercraft. Two shut-off valves at the tank and hose connector allow users to easily disconnect the patented Flo 'n Go siphon pump for refilling and transportation. UN certified.

POWERED FUELING STATION

14 GALLONS / 53 L

16.3"W x 12.6"D x 33.5"H
PFSG1411

Introducing the 14 Gallon **POWERED FUELING STATION** by Scepter®, the industry leader in fuel containers. This new innovative design offers a professional grade refueling system to keep you moving with a high-quality FILL-RITE® fuel pump supplying fuel up to 6 gallons per minute. From work to play, Scepter's Powered Fueling Station has made refueling accessible anywhere!

MOTOR FLUSHERS

ROUND CUP MOTOR FLUSHER

- Universal, for all lower units

07393

RECTANGULAR CUP MOTOR FLUSHER

- Universal, for all lower unit
- Ideal for use with low-pressure conditions
- Improved water flow with rectangular cups

07395

PRO DUAL FEED MOTOR FLUSHER

- Universal, for all lower units
- For engines above 75 HP
- Heavy-duty metal hose attachment for frequent use

09564

FLUID TRANSFER PUMP

- Safely transfers liquids between approved containers
- Brass pump body
- For use with gas, oil, diesel fuel and wate
- Removable nylon extraction tubing is easy to clean
- Fits most engine dipstick tubes
- Empty oil from inboards and I/O engines with ease!
